

We are registered on the "Do Not Call List" and have seen a BIG drop in calls from junk marketers.

Radio and TV station solicitation calls at any hour of the day are just as big a pain in the neck as the above.

Another item that we find very objectionable is the fact that people running for any elected office or their party not only fill your mail box with junk mail, but are free to call as well at will at any time of the day or evening. This too should be blocked, but it is they who write the laws.
